SAFETY and SECURITY

SAVE VET CONTACT NUMBER IN YOUR OWN PHONE	This will save time searching for it in an emergency. It is suggested that you save the client's surname as part of the contact name so that you choose the correct veterinary clinic from your contact list.
SAVE LOCATION OF VET CLINIC in Google Maps (or similar)	Please familiarise yourself with the location of the veterinary clinic prior to a booking start date.
PROPERTY KEYS	To leave the house key in the door lock, on the inside. This is for security and for safety issues in case the sitter needs to leave the property in an emergency. It will save them looking around for the house key.
KEEP HOLD OF PROPERTY KEYS	The sitter to carry a copy of the client's house key with them at all times during the booking and to make sure the key remains safe and secure at all times.
LOCK UP THE PROPERTY	To lock up the property and switch on all alarm systems whenever the sitter leaves it unoccupied, for however short a time.
